Edward Nelson joined Reddie & Grose in 2018 after completing a Masters degree in Advanced Aeronautical Engineering. He handles work in the engineering, materials and consumer products field.

Edward has a keen interest in aviation and enjoys fluid dynamics/aerodynamics. His dissertation at university was on 'control law design for minimising impact loads during landing of fixed-wing aircraft'.

He is also interested in SPACE and at university his undergraduate project was in 'prediction and control of orbital space debris'.

In his spare time, Edward enjoys running, developing software and pursuing his Private Pilot's License.

Qualifications

- MSc Advanced Aeronautical Engineering, Imperial College London (2018)
- BEng Aerospace Engineering, Queen Mary University of London (2016)

London

The White Chapel Building,
10 Whitechapel High Street, London E1 8QS.
