Joanne Pham is a trainee patent attorney working within the engineering, manufacturing and consumer products team.

Joanne joined Reddie & Grose in September 2018 having completed a Masters degree in Natural Sciences at the University of Cambridge, specialising in Materials Science.

Joanne's interests include medical devices and renewable energy sources. At university she carried out a literature review on 'the materials science of the mitral valve and its replacement' as well as a research project on 'low glass transition hybrid polymers for solar spectral up-conversion'.

In her spare time Joanne is an avid baker. She also enjoys swimming and hot yoga.
