---

Joanne Pham is a trainee patent attorney working within the engineering, manufacturing and consumer products team.

Joanne joined Reddie & Grose in September 2018 having graduated from the University of Cambridge with a Master's degree in Natural Sciences, specialising in Materials Science. With a keen interest in polymers and sustainability, her final year research project involved developing a novel organic-inorganic hybrid polymer to improve the efficiency of solar cells.

Since joining Reddie & Grose, Joanne has gained experience in drafting and prosecuting patent applications in the UK, Europe, the US and Asia. In particular, Joanne has experience handling patent work in the chemical and general mechanical fields, including mechanical processes, packaging, polymer substrates, biodegradable products, and consumer products.

Joanne also has experience in filing and prosecuting design applications.

In her spare time, Joanne is an avid baker and enjoys taste testing her cakes throughout the entire baking and decorating process. In the remainder of her spare time, Joanne enjoys swimming and hot yoga.

## Qualifications

---

- MSci Natural Sciences, University of Cambridge (2018)

---

### London

The White Chapel Building,  
10 Whitechapel High Street, London E1 8QS.
