Tessa Ryder handles patent work in the chemical and pharmaceuticals fields.

Tessa joined Reddie & Grose in September 2019 after having worked in the pharmaceutical industry for two years. She completed a Masters degree in Natural Sciences at University College London, specialising in Synthetic Organic Chemistry and Biomedical Sciences. In her final year she was awarded the departmental prizes for the best performing student in Organic Chemistry and Chemical Biology.

During her course, Tessa spent a year at the University of Toronto and conducted a research project in organic photochemistry.

In her spare time Tessa plays in a London netball league. She also enjoys hiking and surfing.
